

**Step into the world
of digital hearing**

Beltone™ **ARCA**

Hear more for less with the Beltone ARCA

Today, thanks to the Beltone ARCA, everyone can afford to take the first steps into the world of digital hearing.

With the Beltone ARCA, you can enjoy clear, comfortable sound, with an instrument that is incredibly easy to use. It offers a range of options to maximise your hearing comfort, and because it's digital, you will notice a real difference in quality too.

Beltone™ ARCA

Enjoy clear, comfortable, colourful sound

Stepping into the colourful world of digital sound has never been easier. As the Beltone ARCA automatically prescribes the correct volume for both soft and loud sounds, you will enjoy *comfortable listening* no matter what the environment.

In addition, fast-acting digital processing makes sure you will be protected from unpleasant or sudden loud noises, enabling you to take pleasure from hearing without worries.

The little extras that make a big difference

The Beltone ARCA is available with a range of options, to enhance your hearing comfort in changing situations.

Low battery warning – emits an audible beep to let you know it's time to change the battery.

Manual volume control – for complete control over the loudness level.

Telecoil – for better hearing with adapted TV-sets, radios and certain telephones.

Dual-program switch – quickly change from one hearing program to another.

ABOUT BELTONE

Life should sound good for everyone. That is the driving force behind Beltone, which has been helping people worldwide to hear better since 1940.

Our philosophy is supported by the very latest hardware and software technologies.

Which means that you can enjoy the advanced hearing care you need, customised to meet your specific needs.
